

WHAT WE DO

We provide confidential in-home and office visits with a registered nurse to provide the following services and resources :

- Child development
- Child health & safety
- Parenting resources
- Postpartum screening
- Immunization information
- Community resources

Visits available to families who are active with Utah Medicaid

Home Visitation Program

WHY IN-HOME SERVICES?

- Convenience for you and your child
- One-on-one care for your family
- More direct in-home resources
- No need to travel outside your home

Healthy Moms!**

How Often are the Nurse Visits?

The number of visits are based on the needs of the family and will be discussed during the initial nurse visit.
