INTRODUCTION

2024 EVALUATION SURVEY RESULTS

ABOUT

Several workgroups contribute to the advancement of the Davis4Health Community Health Improvement Plan (CHIP). They are structured collaboratives aimed at improving community health through partnerships and strategic alignment. It is important to give partners a formal opportunity to share their views on the organization, structure, function, and effectiveness of each workgroup to identify course corrections and adjustments that may be needed for continuous improvement.

PURPOSE OF EVALUATION

The CHIP workgroup evaluations aim to assess collaborative efforts happening in Davis County that contribute to improving health and well-being in the community. The results of the survey help determine how workgroups can be improved to accomplish the goals of the CHIP and improve the health of community members.

METHODS

Four CHIP workgroups were evaluated between September and December 2024 through a similar process. Davis County Health Department, serves as the backbone organization with staff as Community Outreach Planners who coordinate Davis4Health CHIP workgroups. The questions asked were modified to fit each workgroup.

The simplest and most effective way to gather feedback was to provide partners an opportunity to complete the evaluation survey either on paper or online during collaboration meetings. A link to the survey was also emailed to those not in attendance.

The survey contained questions about the workgroup's organization, regular meetings, future meetings, and benefits. Five-point Likert scale, multiple choice, and open-ended questions were included.

CONTACT INFORMATION

Questions about this report can be directed to:
Davis County Health Department, Health Strategy Bureau

This report was released in January 2025.

ABUSE PREVENTION WORKGROUP

2024 EVALUATION SURVEY RESULTS

PURPOSE

The purpose of the survey was to gauge partner satisfaction, evaluate workgroup effectiveness, and identify areas for improvement.

METHODS

Abuse Prevention Workgroup members had the opportunity to complete a 15-question survey during the October and December meetings either on paper or online. A survey link was also sent to members through email. There were 7 responses collected which are represented in this report.

ORGANIZATION

Abuse Prevention meetings are held monthly on the third Thursday from 10:00 - 11:30 am. An average of 11 people attend the meetings. Agendas are sent prior to each meeting and notes are sent after. Survey respondents attended a varying amount of meetings between one and eight a year.

SURVEY QUESTIONS & RESULTS

What, if anything, keeps you from attending workgroup meetings?

- Other work commitments
- Distance - I live far away
- Conflicting schedules

100% of respondents are satisfied/very satisfied with the communication regarding meetings, notes, and resources.

Suggestions to improve organization:

- Honestly, I'm not sure. I think it's a great group
- It's well organized. Marcie does a great job!
- It's already well organized. Maybe a list of organizations and the contact information especially health dept because different areas of the dept attend. Possibly a description of their position and how it applies to the workgroup.

ABUSE PREVENTION WORKGROUP

2024 EVALUATION SURVEY RESULTS

CURRENT MEETINGS

Please mark your level of agreement with the following statements.

FUTURE MEETINGS

What needs to happen to keep you and your agency engaged in the Abuse Prevention Workgroup over the next couple of years?

- Continued participation from other organizations with a similar scope to ours
- Progress on the abuse prevention plan
- More understanding of purpose, virtual options, continued share of resources
- Consistent meetings. Appreciate the informative emails sent out after the meetings
- Targeted focus on specific goals, more defined

What topics, programs, presentations, etc. would you like to discuss at future meetings?

- Abuse resources/plans for elder abuse and the senior population

ABUSE PREVENTION WORKGROUP

2024 EVALUATION SURVEY RESULTS

BENEFITS

What progress and/or results have you noticed because of the combined efforts of Abuse Prevention Workgroup partners?

- Easier to connect to other organizations for assistance, as well as keeping prevention goals aligned
- Healthy relationship assessment, knowledge of resources
- Able to implement some of the resources discussed
- Partner collaboration, partner unification around abuse prevention
- More awareness of resources and challenges that exists in all types of organizations
- More awareness surrounding elder abuse
- Increased awareness between agencies, starting to put together materials to distribute, becoming more action oriented

What are the most important benefits of participating in the Abuse Prevention Workgroup for your organization?

- Networking, connecting, trainings on local resources
- Collaborating with like-minded agencies
- Staying connected with other programs and updated with current issues regarding children and families in general. Also allows access to new resources to provide clients
- Connection to resources and insights on how to inform/train better within our organization regarding this topic
- Being able to give input and insights. Gathering information to take back to the team. Collaborating with other organizations
- Connections with partners

ADJUSTMENTS MADE

Evaluation results will be shared with the workgroup in the first meeting of 2025.

New Meeting Schedule: Workgroup meetings were moved to every other month based on the preference of workgroup participants.

Charter Development: A [charter](#) was created and adopted in August 2024.

DAVIS BEHAVIORAL HEALTH NETWORK

2024 EVALUATION SURVEY RESULTS

PURPOSE

The purpose of the survey was to gauge partner satisfaction, evaluate coalition effectiveness, and identify areas for improvement.

METHODS

Davis Behavioral Health Network members had the opportunity to complete a 16-question survey during the September meeting either on paper or online. A survey link was also sent to members through email. There were 10 responses collected which are represented in this report.

ORGANIZATION

Davis Behavioral Health Network meetings are held the second month of the quarter on the last Monday (unless it is a holiday) from 11:30 am - 1:30 pm. An average of 14 people attend the meetings. Agendas are sent prior to each meeting and notes are sent after. Survey respondents attended a varying amount of meetings between one and four times a year.

SURVEY QUESTIONS & RESULTS

What, if anything, keeps you from attending collaboration meetings?

- Schedule conflicts
- Other meetings
- My agency rotates throughout the year; I attend in the fall. Additionally, if I were to attend each time distance would be a problem because I do not live in the county

100% of respondents are satisfied/very satisfied with the communication regarding meetings, notes, and resources.

70% of respondents reported being likely/very likely to attend meetings if lunch was not provided.

Suggestions to improve organization:

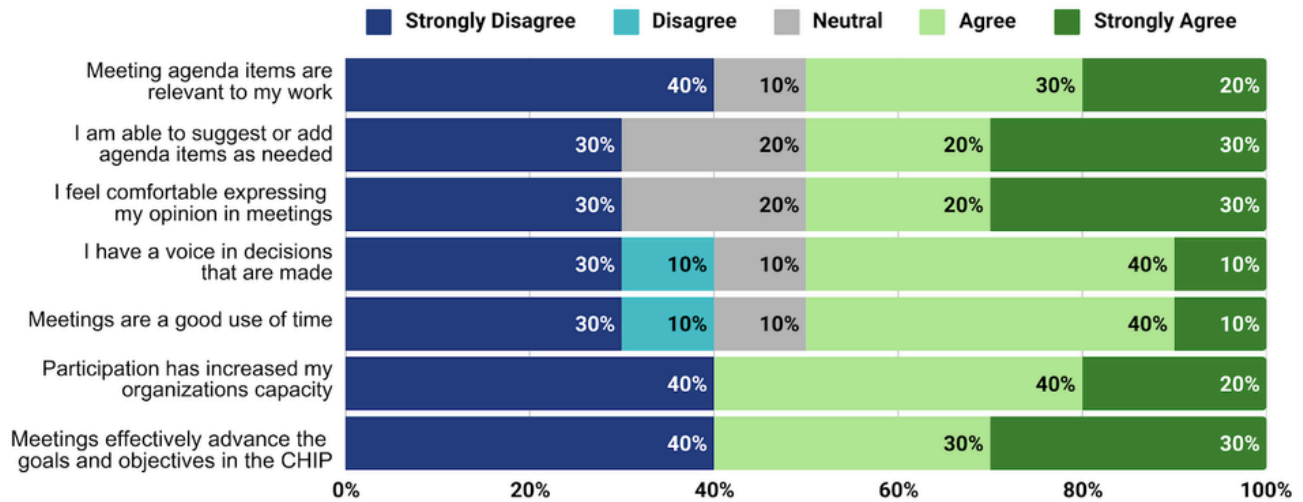

- Doing well
- None at this time

DAVIS BEHAVIORAL HEALTH NETWORK

2024 EVALUATION SURVEY RESULTS

CURRENT MEETINGS

Please mark your level of agreement with the following statements.

FUTURE MEETINGS

What needs to happen to keep you and your agency engaged in the Davis Behavioral Health Network over the next couple of years?

- Alignment with our priorities
- Making sure we are included and asking us our opinion of the clientele we work with
- Give a little more notice or a reminder in advance, over a month, as a reminder
- Nothing at this time. We are committed to staying engaged.
- Keep doing what you are doing

What topics, programs, presentations, etc. would you like to discuss at future meetings?

- Trauma, aging services, and chronic mental health problems
- How to find people in underserved groups. We know “they” are out there. How do we find them? We’ve tried.

DAVIS BEHAVIORAL HEALTH NETWORK

2024 EVALUATION SURVEY RESULTS

BENEFITS

What progress and/or results have you noticed because of the combined efforts of Davis County Behavioral Health Collaboration partners?

- Aware of programs and things going on in the county and communities
- Meetings
- Better understanding of resources
- Mental health screenings
- Education on issues!
- Collaboration - others sharing what they can

What are the most important benefits of participating in the Davis County Behavioral Health Collaboration for your organization?

- Community collaboration
- Enjoy the community partnership and different perspectives individuals bring
- Awareness of change and opportunities
- Knowledge to bring back for providers, staff, and families
- Gaining understanding and relationships with community providers
- Learning resources in the community
- The information sharing. Knowing there is structure or a group to bring things together

ADJUSTMENTS MADE

By reviewing evaluation results together at the November meeting, the group was able to have a valuable discussion including ways to improve meetings and collaboration.

New Name: A new name was suggested and approved. This group will now be known as the Davis County Behavioral Health Collaboration instead of Davis Behavioral Health Network. The group felt this was important due to confusion about Davis Behavioral Health being an agency as well as the name of the network, and a funding program.

Hosting Option: It was mentioned that other service providers, in addition to Davis Behavioral Health, may be interested in hosting the meeting at their facility, which would include a bit of a tour and more information about their services.

Hybrid Meetings: Many providers enjoy the benefits of in-person collaboration. Some providers reinforced the need to attend virtually due to travel, illness, and being an out-of-state health system partner.

Charter Development: The charter is a foundational document, especially needed to clarify purposes as well as roles and responsibilities with so many new partners at the table. The charter was reviewed and approved in November.

Roster: A roster with participant names, agencies, and emails was shared with the group.

DAVIS HELPS

2024 EVALUATION SURVEY RESULTS

PURPOSE

The purpose of the survey was to gauge partner satisfaction, evaluate coalition effectiveness, and identify areas for improvement.

METHODS

Davis HELPS members had the opportunity to complete a 16-question survey during the September meeting either on paper or online. A survey link was also sent to members through email. There were 17 responses collected which are represented in this report.

ORGANIZATION

Davis HELPS meetings are held on the first Thursday of each month from 11:30 a.m. - 1:00 p.m. with lunch provided. Approximately 20 people attend each month. Agendas are sent prior to each meeting and notes are sent after. Survey respondents attended a varying amount of meetings between one and eleven times a year.

SURVEY QUESTIONS & RESULTS

What, if anything, keeps you from attending coalition meetings?

- Other job responsibilities
- Other meetings
- Work schedule
- Client appointments

94% of respondents are satisfied/very satisfied with the communication regarding meetings, notes, and resources.

71% of respondents reported being likely/very likely to attend meetings if lunch was not provided.

Suggestions to improve organization:

- Create a shared space, calendar, or website to coordinate and advertise events
- Increase partners' and key agencies' attendance
- Continue introductions at each meeting since there are always new members
- Continue open communication between leadership and members

DAVIS HELPS

2024 EVALUATION SURVEY RESULTS

CURRENT MEETINGS

Please mark your level of agreement with the following statements.

*Not every respondent answered every question. Percentages are reflective of the number of respondents who answered that question.

FUTURE MEETINGS

What needs to happen to keep you and your agency engaged in the Davis Behavioral Health Network over the next couple of years?

- Continue community support and communication
- Provide agencies time to share their programs, present their needs, and identify opportunities to collaborate
- Keep agencies involved in decision-making
- Provide food
- Send notes and follow-up emails for those that were unable to attend
- Keep coalition members on the invite list even if unable to attend all the meetings
- Keep a focus on how abuse and violence prevention tie into a healthy, thriving community
- Write letters to coalition member’s directors to encourage continued participation and support from their agency

What topics, programs, presentations, etc. would you like to discuss at future meetings?

- Information and clarity on community goals and achievements
- Prevention programs
- Physical health & preventative care
- Data, current events, best practices
- Self-care
- Digital apps and chats
- An outdoor fun team builder
- Educational opportunities
- Mental health for special populations
- Things to do to improve connection

DAVIS HELPS

2024 EVALUATION SURVEY RESULTS

BENEFITS

What progress and/or results have you noticed because of the combined efforts of Davis HELPS partners?

- Increased collaboration and networking to make a bigger impact
- Increased knowledge of resources and programs
- Partners have a role in decision making
- Stream-lined resources
- Strong referral connection for community resources to share with those that need them
- Participation in and awareness of shared goals and programing
- Opportunity to be engaged in important community topics
- Possibility of working together on mutual areas of concern (both inside and outside of regular meetings)
- Helps partners who are new to Davis County meet and begin collaboration

What are the most important benefits of participating in Davis HELPS for your organization?

- Supporting each others' programs and events
- Information and resource sharing
- Connecting and collaborating with other agencies
- Networking and combining efforts to increase reach and impact
- Understanding the focus, efforts, and progress of different service providers
- Identifying ways to help with strategies
- Being a vocal part of the community
- Having a gateway to establish relationships/partnerships
- Having a broader range of support for our community
- Participating in evidence-based reviews and programs
- Having a set time to work together on priorities and share responsibilities
- Strategically planning and becoming aware of gaps

ADJUSTMENTS MADE

Evaluation results were reviewed together at the November meeting. The group discussed ways to continue successful collaboration and improve future meetings.

Charter Development: The [charter](#) was created and adopted October 2024.

HUMAN SERVICES DIRECTORS COMMITTEE

2024 EVALUATION SURVEY RESULTS

PURPOSE

The purpose of the survey was to gauge partner satisfaction, evaluate committee effectiveness, and identify areas for improvement.

METHODS

Human Services Directors Committee members had the opportunity to complete a 15 question survey during the October and December meetings either on paper or online. A survey link was also sent to members through email. There were 14 responses collected which are represented in this report.

ORGANIZATION

Human Services Directors Committee meetings are held every two months on the second Wednesday from 9:00 -10:30 am. An average of 15 people attend each month. Agendas are sent prior to each meeting and notes are sent after. Survey respondents attended a varying amount of meetings between one and six a year.

SURVEY QUESTIONS & RESULTS

What, if anything, keeps you from attending committee meetings?

- Schedule conflicts
- Other work meetings
- Wasn't aware of them until recently

100% of respondents are satisfied/very satisfied with the communication regarding meetings, notes, and resources.

Suggestions to improve organization (results for open-ended questions are summarized):

- None
- Providers sharing updates on the work they are doing
- Discuss attendance and how to improve participation
- Explore virtual option to increase participation

HUMAN SERVICES DIRECTORS COMMITTEE

2024 EVALUATION SURVEY RESULTS

CURRENT MEETINGS

Please mark your level of agreement with the following statements.

*Not every respondent answered every question. Percentages are reflective of the number of respondents who answered that question.

FUTURE MEETINGS

What needs to happen to keep you and your agency engaged in the Human Services Directors Committee over the next couple of years?

- Continued invites
- Planning on our part
- Relevant topics & ideas to collaborate as a county
- Regular and up-to-date information and actions to advance CHIP

What topics, programs, presentations, etc. would you like to discuss at future meetings?

- Resources relative to housing for those below certain income levels
- Information and highlights of less familiar services
- County updates, emergency preparedness
- Updates on Davis Links
- Update on CHIP and workgroups

HUMAN SERVICES DIRECTORS COMMITTEE

2024 EVALUATION SURVEY RESULTS

BENEFITS

What progress and/or results have you noticed because of the combined efforts of Human Services Directors Committee partners?

- More knowledge of and better access to resources
- Communication, sharing of resources
- Great partnerships & community resources are shared
- More ways to thoroughly integrate with community events and potential partners
- Collaboration across agencies
- Great progress on the CHIP

What are the most important benefits of participating in the Human Services Directors Committee for your organization?

- Networking and knowing about services
- Information and planning
- Gain awareness of other services ongoing that relate to the mission of my organization
- Alignment, resource sharing
- Ability to partner and collaborate on programs that advance CHIP
- Being kept up to date with positive community impacts
- Resource sharing

ADJUSTMENTS MADE

Results will be shared with the committee in the first meeting of 2025.
